

FROM THE DESK OF DIRECTOR

Prof. Ashwani Wanganeo **Director**

University Institute of Technology
Barkatullah University, Bhopal

A Word

ॐ नो भद्राः कृतवो यन्तु विश्वतः

(Let Noble Thoughts Come to us from every side)

“The best achievement is to realize self potential to be productive for one’s own life”

SELF COMMITMENT

In the present era of Globalization the job providers keep an eagle’s eye over best and talented persons and pick them up for betterment of their organization and humanity at large. Keeping this in mind we make our students to earn a degree in order to occupy the position among the persons who stand erect at the givers end rather than at the receiver’s end.

Our well qualified and dedicated teaching staff at, “University Institute of Technology” gear up the students and make them self reliant. That is the reason, students at UIT; generate self mobilization system to be more useful and productive for the Society and Nation at large. Our Institute ensures better prospects for aspiring students for whom sky is the limit.

I, as Director of the Institute ensure knowledge seekers best quality time while pursuing their respective degrees. However, I want my students to make a promise that they will uphold the credibility of the degree they earn and dedicate their whole time in pursuing the knowledge rather than wasting their precious moments and golden opportunity, “Never to return again”.

(Ashwani Wanganeo)
